

GREAT NEWS!

The U.S. Department of Housing & Urban Development ("HUD") announced on May 14, 2004, that \$2.3 billion in HUD funds are now available through competitive programs that serve homeless persons, produce affordable housing, stimulate economic development, protect children from the dangers of lead poisoning and address other urgent community needs. Please refer to the following web link for more details:

Using the Fiscal Year 2004 SuperNOFA, state and local governments, faith-based and other nonprofit community organizations can take advantage of 49 separate funding opportunities. Under the SuperNOFA system, grants are awarded more quickly and efficiently to local and state governments, public housing authorities, nonprofit and faith-based groups, and other organizations.

To review the grants available, please visit the following website:
